

THE UPFIT YOU DESERVE

LIGHTWEIGHT FLOOR

# ECLIPSE

A better alternative.

Eclipse™ is a **lightweight, durable floor** designed to seamlessly fit any size cargo van, box truck or step van. Superior to plywood in its technical performance, Eclipse is impact resilient, chemical resistant, moisture resistant, and anti-slip! Plus, it's a sustainable alternative that meets EU & NA environmental goals and standards.

**TOPSKIN**

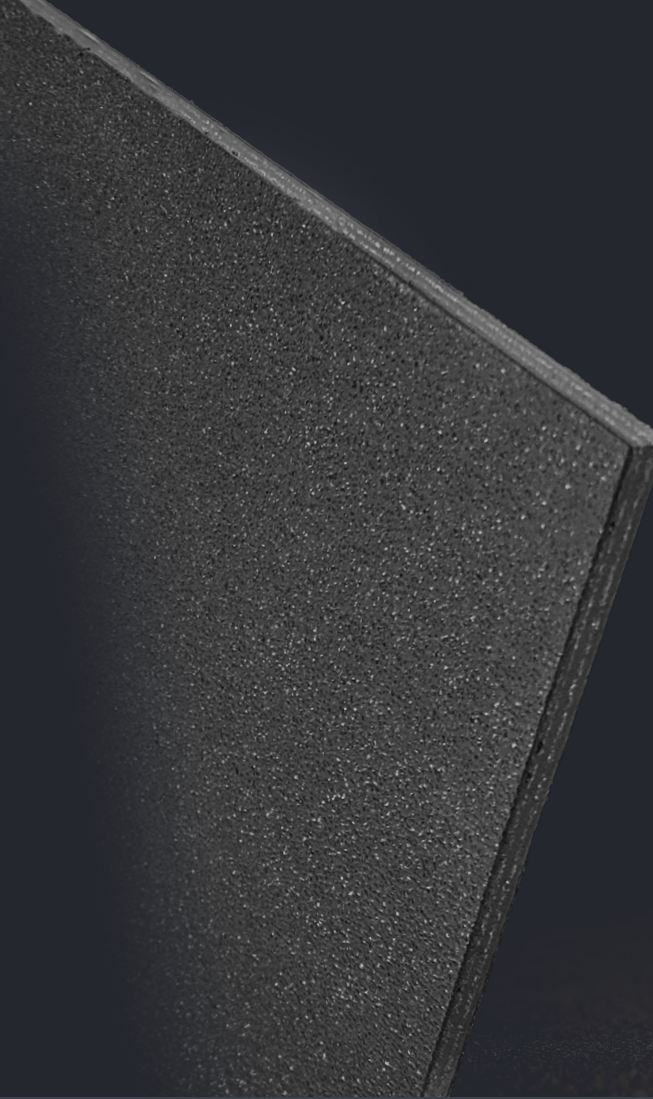

**PURE  
TPO**

**CORE**

**PU FOAM+  
FIBERGLASS**

**THICKNESS**

**10.6MM**

## ONE-PIECE FABRICATION

Eclipse gains its biggest advantage on traditional floors due to its unique one-piece design. It has no floor seams which allows for smooth onloading/offloading of palettes and other heavyweight materials.

**Lightweight, durable** and engineered to seamlessly fit any size vehicle, Eclipse is perfect for large fleet applications.

### Available Flooring Options

Available for all Vehicle Models

*\*Eclipse can be cut-to-fit any cargo van, box truck or step van based on customer application*

## SAY GOODBYE TO PLY

Eclipse is made from a pure TPO topskin and polyurethane high density foam center. Infused tri-lam means the floor is **waterproof**, and PET non-woven fabric protects against transit vibrations.

The topskin provides an **anti-slip surface** for operators while the high density foam provides robust protection against dents, dings and damage.

*\*Eclipse outperforms and outlasts plywood in every comparable metric. AND - it's not made from trees!*

## ECLIPSE TESTING

Physical Properties	Value	Physical Properties	Value
Flexural Modulus (psi)	64,100 psi	Screw Pull Testing (N)	1218
Tensile Strength	1935 N	Swelling after 24h water immersion	0.030%
Apparent Density	0.491g/cm <sup>3</sup>	Dimensional Stability (@20C & -70C)	0.09%
Gardner Impact	>160 lbs	Compressive Strength (psi)	1595 psi
Static CoF Dry	1.2	Pull Test (max load)	1570 N/ 697 kPa
Static CoF Wet	0.8	Flammability Testing	PASS
